## When You Come to Think of It.

As funny a piece of news as ever came over the cable was that explaining the curious position of Admiral Negobato, who is a prisoner of war in Japan. His captors offered to parole him. He doesn't want to be paroled. They offered to let him cable to the Czar. He doesn't want to cable to the Czar. He likes it in Japan. He wants to stay there.

And, when you come to think of it, why shouldn't he? If he goes home he will be court-martialed; perhaps shot. Anyway, there is neither fun nor glory in coming home beaten (vide General Stoessel). And Japan is a delightful country, far more up to date than Russia. The cherry blossoms and chrysanthemums and geisha girls make life there highly artistic. And the Admiral may learn lots about naval warfare. Who knows but that some future generation may read of a great Japanese naval victory achieved by Admiral Negobatofovama?

It would have been far better for Admiral Cervera to have remained with us. We admired him; his compatriots did not. —New York Journal.

## Just What Everyone Should Do.

Mr. J. T. Barber, of Irwinville, Ga., always keeps a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy at hand ready for instant use. Attacks of colic, cholera morbus and diarrhoea come on so suddenly that there is no time to hunt a doctor or go to the store for medicine. Mr. Barber says: "I have tried Chamberlain's Colic, Cholera and Diarrhoea Remedy which is one of the best medicines I ever saw. I keep a bottle of it in my room as I have had several attacks of colic and it has proved to be the best medicine I ever used. Sold by Lyne Bros., Crab Orchard, Ky."

Creditor—What do you mean by sending me this draft? It has been protested—you have no account!

Fields of golden grain seen from a car window cause the world-worn city man to whistle softly "Down on the Farm." The same fields seen from the helm of a self-binder cause the country boy to swear softly down on the farm. —Louisville Times.

## Huge Task.

It was a huge task to undertake the cure of such a bad case of kidney disease, as that of C. F. Collier, of Cherokee, Ia., but Electric Bitters did it. He writes: "My kidneys were so far gone, I could not sit on a chair without a cushion; and suffered from dreadful backache, headache and depression. In Electric Bitters, however, I found a cure, and by them was restored to perfect health. I recommend this great tonic medicine to all with weak kidneys, liver or stomach. Guaranteed by G. L.
